# THE MORE COVERAGE BOOK

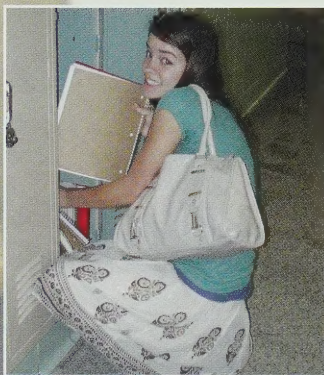

**The** 2008 Euclidian was the most widely changed book in the history of Euclid High Schools. Up until that edition the copy and pictures were submitted to the publisher in five deadlines beginning in November with the final one being at the end of February. Because of that, anything that occurred after February could not be covered in the current book. Because of the advancements in digital photography, Desk Top Publishing and On Demand Publishing the times between submission of copy and publication could be shortened so that the deadlines could be moved back and still get the book published before the seniors left in the spring. Events that happened in March and the beginning of April could be included in the 2008 book. The life of students changed for the better as the book made this transition.

# RUNNING OVER THE CARDINALS

## Football team beats Shaw 36-12 for a Homecoming victory

**S**pirit Week was held prior to the Homecoming football game on Friday, October 26 and the Homecoming Dance on Saturday, October 27. Monday was Hat Day, Tuesday was Twins Day, Wednesday was Mix-Match Day, Thursday was Jersey Day and Friday was the traditional Blue-Gold Day. Many students dressed up to celebrate the spirit of the week. Friday came and dawned wet and breezy. The rain stopped in the afternoon but began again just before 5:00 p.m. when the football game began. It rained most of the first half but by half time most of the rain had stopped. The field was in good shape and the Euclid Panthers ran all over the Shaw Cardinals by a final score of 36-12. The game was not as close as the score indicated since the Panthers were ahead 36-0 in the fourth quarter when the substitutes were put in. **Howard Drake** passed for four touchdowns, three to **Devon Jennings**. **Kevin Buford** caught the other touchdown pass. The game finished a 9-1 season in which the Panthers lost their first game with Lake Catholic and then went on to win nine straight games and got to the playoffs.

# MIDNIGHT MASQUERADE

## Homecoming 2007 was a resounding success

**H**omecoming 2007 was held in the E-Room on Saturday, October 27 from 8:00 p.m. until 11:00 p.m. It was a sold out event with 750 students attending which is the capacity of the room. The theme was Midnight Masquerade and the students received masks and beads that they could wear throughout the evening. After the students checked in they hung around and took pictures of each other. Many then went to have their pictures professionally taken before they went into the ball room to dance. After dancing a while it was great to come out and get some refreshments of cookies and punch. New this year were portable breathalyzers that security used to check everyone that came in to the dance. No one knew that they were going to be checked and everyone made it through without being stopped. The dance was a fun time for all participants.

Sean Langham and Terraia King were crowned Homecoming King and Queen after the football game.

# THE MORE COVERAGE BOOK

**The** senior class entered their final year with lots of enthusiasm and optimism. Many of the seniors participated in activities and were active in the community and had a good idea where they were going in the future. Others, however, participated in nothing and had no idea what they were going to do in the future. In a world where more and more manufacturing jobs were being moved overseas, and many jobs were leaving the area, it was not a good time to not be prepared to go to a place of higher learning. Too many seniors were going to graduate only to find out that there were no good jobs to be had. If a person was willing to work there was no reason why they shouldn't be able to succeed. If you weren't willing to work, however, the chances of success were very limited. The world was a big place and there were a lot of people competing for the available jobs.

**Joe Hernan** shows how he can balance his books and walk at the same time.

**Roger Oatman** shows **Ben Thompson** how he boils away the water as he does a fractional crystallization experiment.

Above: Senior members of the band and cheerleaders are recognized before the game.

The cheerleaders saluted the flag during the playing of the National Anthem.

Right: Members of the football team get instructions from the coaches before they go into the game.

**Jessica Daniels** serves the ball for the volleyball team.

# SENIOR DIVIDER

**Howard Drake** has been a huge asset to the football team. He can pass as well as run the ball for good gains.

**Anna Santorelli** is escorted by her mother during the senior night at the Mentor football game.

**Kristina Arko** ran hard in her cross country race.

Above: President, **Mya Cloud** directs the NHS meeting while adviser, Mr. **Ron Zucca** looks on.  
Left: **Chanel Glenn** is a trainer for the football team and waits on the sidelines until she is needed.

**Courtney Walker** is a member of CRAVE and is concerned with the feelings that are expressed throughout the school.

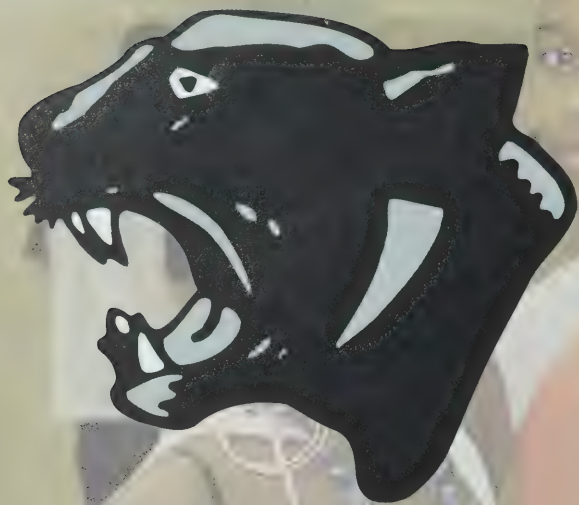

Far Left: Mrs. **Sally Pla** helps **Terraia King** and **Mya Cloud** with their work.

**Kyle Klepac** running the cross country course.

**Katy Keay** playing in the Marching Band while **Samaria Hariston** dances to the music.

**Every** fall saw a new class of seniors entering the hall of Euclid High Schools. The seniors were the oldest members of the school and, therefore, had the responsibility to lead the other classes. What were the seniors to the underclassmen? Well, many were role models. Someone who would be looked up to and emulated. The graduating class gave encouragement to the underclassmen by bringing hope and light to the school. Some seniors reacted to their role and helped the underclassmen to achieve greater things. Others, of course, let it go to their heads and used their power to try to subjugate the underclassmen. For some seniors, graduation was their only goal. Others, however, used their years in high school to gather as much knowledge as they possible could in preparation for the days when education was not free and would come at a higher price. These seniors were the children of the future.

-Rebecca Bennett

**Katie Mills** enjoyed waving her flag with the rest of the Flag Corps.

**Samaria Hairston** had a lot of fun on the football field with the Marching Band.

**Sam Calabrese and Grace Jefferson** helped the Marching Band perform on the football field.

**Xavier Manuel-Nelson** spent a lot of time on the cross country course.

**Terraia King** enjoys being active throughout the school.

**Donna Dixon** knows that computer skills will help her get a good job.

# TAKING A TRIP ABROAD

## Twenty-one Euclid students traveled to Europe

**O**n April 6th, 2007, sixteen students and three teacher chaperones departed for Europe. The trip lasted 12 days, including a return delay of two days in New York due to snow. Upon arrival in London, the students combined with a group from Buffalo, New York and met their tour guide, Nerina. The first 3 days were spent in London visiting the London Tower, Buckingham Palace, and the ceremonial changing of the guard. The students then departed for Paris via the Chunnel. In Paris, they saw Notre Dame, the Louvre, L'Arc de Triomphe, and climbed to the top of the Eiffel Tower at night witnessing it all lit up. They took an overnight train to Madrid. In Madrid, they visited multiple museums and took a cooking class with professional chefs. When taking about the trip Nick Sudar said, "My favorite part was staying up all night with everyone in our hotel room, which we made into a fort, and listening to music and just enjoying the fact that we were in Europe." Annie Santorelli said, "My favorite parts were the cooking class in Spain and the view from the top of the Eiffel Tower." The students will never forget this once in a lifetime trip.

In a poll given to the seniors, more than fifty per cent responded that they participated in a school sport. This showed that many seniors enjoyed the fun and challenge of competing with their peers.

Students participating in the CISCO networking class learn how to get connected.

Lots of Euclid students participate on the football, soccer and volleyball teams as well as in all the rest of the sports that are offered at Euclid High Schools.

# ATTENDANCE IS IMPORTANT

Seniors acknowledge that students should come to school every day

**I**s it important to be in school every day? Seniors were asked this question and almost 87% of them responded that it was important. This showed that they thought that being in school was a positive influence on their lives.

## HOW LONG HAVE YOU BEEN HERE?

Euclid has been a lifetime home for many seniors

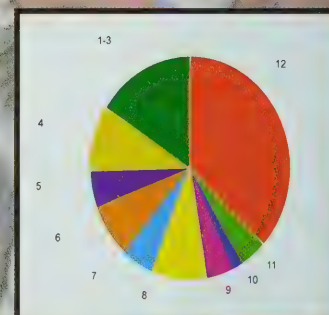

**M**ore than one third of the senior class attended the Euclid Schools all their lives. About 25% only attended Euclid Schools for four or less years.

**JoePaul Luikart** and **Katie Maxwell** are active in the Euclid schools which they have been enroled in all their lives.

**Annie Santorelli** wore her jersey and **Mya Cloud** studies her work before a test. Both students have been in the Euclid schools all their lives.

HAVE YOU ATTENDED EUCLID SCHOOLS ALL YOUR LIFE? IF NOT, HOW MANY YEARS?

# HOW EMBARRASSING

## Seniors tell about times when they were embarrassed

**A** large part of being a teen-ager was concern over what other people thought of you. You had to worry about your image and what others thought of you. They worked hard to build up a certain image and often something would happen that would shatter their dreams. Many seniors shared moments and events that they found embarrassing.

**Evon Allen** was talking to a friend and a senior told him he had a booger in his nose.

**Karen Ameyaw** was about to make a speech about her movie in Mrs. President's class, when she saw the students she was about to talk to and began crying.

**Brittany Atterberry** tried to run up the stairs and tripped over her own feet. She didn't fall but she made a big attraction.

**Katrina Becker** was throwing away trash at lunch and returned to her table and missed her seat and fell on the ground.

**Carlos Bradley** was embarrassed when he broke his leg in front of everybody.

**Amanda Brazis** was eating lunch and spilled spaghetti all over her pants and had to go the entire day with a huge stain and smelling like spaghetti.

**Amber Cartmell** and her best friend, Tameka, were running back to school when they hit each other and Amber went flying in the air, slid on the ground, and got taken away in an ambulance.

Volleyballers worked hard but had a poor season

**The** Euclid High School volleyball teams had an exciting 2007 season. The regular season ended on Parent's night against Mentor. The freshmen and varsity teams then went on to play in tournaments. The varsity had an overall record of 3-12 and an L.E.L. record of 1-7. The coaches for the teams were Ms. **Tamika Drake**, Ms. **Kim Natale** and Ms. **Katherine Pfister**.

# FAST AND FURIOUS

**The** 2007-08 Panther basketball season was extremely fruitful. There were many ups and downs with high expectations. They finished the season with a 13-9 record which gave them a third place finish in the L.E.L. The season was filled with many hard practices with many zig-zags and post plays. The leading scorer was **Darrell Blanton** with 18.1 points. **Brandon Rollins** was second with 10.4 points per game. **Devon Jennings** was also a good scorer. The team was led in red zone threes by **Mike Davis**, **Labryant Abercrombie** and **Devon Jennings**. **Darrell Blanton** averaged 10.1 rebounds and 2.9 blocked shots per game. The team had a great inside game but did not have the guns that could sink the three pointers. In the tournaments they beat John Adams in the first game but then lost to Bedford in the second. The team was coached by Mr. **Sean O'Toole**.

# GOING THE MILES

Cross country teams had to run long and hard

**The** 2007 Boys Cross Country season had many ups and downs. The team battled temperatures in the 80s and 90s through mid-October, but still had some great runs. They had a victory over Bedford. At the L.E.L. meet at Forest Hills Park, the team placed 4th out of 5 teams. At the district meet, the team placed 15th out of 16 teams. **Zack Sweet** placed 13th individually and advanced to the Regional meet at Youngstown Boardman High School for the second straight year. He placed 66th out of 125 runners at the Regional meet and failed to qualify for the state meet. Unfortunately, many members of the team failed to prepare for the season by running over the summer; the team didn't live up to its expected potential.

The girls' cross country team had many new faces with only three returning runners. For the first time in years they had enough runners to have a full varsity team and even had some JV runners. The girls worked hard and dropped their times and even finished first in the Maple Heights meet.

Teachers from all the schools volunteered to have a pie thrown in their face if the students donated the most money to that person. At half-time the winner from each school had a pie thrown in their face. It was a lot of fun and it raised a lot of money for the classes.

Mr. **Larry Nosse** and Mrs. **Dawn Cecconi** were two of the faculty that got a pie in the face.

**On** March 19, 2008 the Advanced Mediation Team hosted a "Think Outside the Bottle Challenge" in the E-room Ballroom during the lunch periods. Students were asked to taste different brands of bottled water to see if they could really taste a difference. Most students could not detect any difference between the bottled water and tap water. The purpose of the test was to show that there was nothing wrong with tap water. Purchasing bottled water is much more expensive than tap water, uses far more resources in the form of shipping and bottles, creates more waste and pollution and depletes water resources. Bottled water is one of the biggest frauds propagated on the human race. Tap water is more regulated than bottled water. The best thing you could do if you have to impress your friends by drinking bottled water would be to buy one bottle and keep refilling it from the drinking fountain. Maybe the next big thing will be bottled air. Ms. **Kathleen Mc Donnell** was the adviser for the group.

**Michelle Lilek** and **Katrina Becker** hand out literature about the waste of bottled water.

# THE MORE COVERAGE BOOK

## Much

of the fun of high school was being able to participate in the many activities that were offered at the high school. Euchid had many clubs and organizations that students could participate in if they had the desire. There were many activities that met after school, like CRAVE, SAVE, It's Academic, Survey, Cultural Club, etc, or in the evening, like Key Club, or during the day, like Clinic Aides or Office Aides. If a student had a desire to do something there was a good chance that they could find someone else to do it with. Even if there was no formal club, students could come together and try to find a staff person who would sponsor them and they could begin their own club. High school was much more enjoyable if the students grouped together.

# LEARNING TO SOLVE PROBLEMS

## Mediators use their skills to relax tense situations

**M**ediation was a process that enabled students to help resolve situations that arose between members of the student body. Most of the problems that the mediators were faced with involved "he said, she said" situations between boyfriends and girlfriends. Most of the time the mediators could resolve the problems and everyone ended up happy. In some severe cases, however, the problem was not resolved and the students had to be disciplined. The mediation process usually consisted of two mediators in a room with the students but that could vary with the number of students with problems. An important skill that the mediators possessed was the ability to actively listen and paraphrase what the offenders have stated. The students liked to think that the mediators were listening with an open heart. The experienced mediators helped the newer ones develop their listening skills and trained them in the mediation process. Ms. Kathleen Mc Donnell was the adviser for the group.

Madden) and Algernon Moncrieff (Robin Blake) who were attracted to Gwendoline Fairfax (Maria Sedmak) and Cecily Cardew (Erin Bolyard). The problem was that the ladies wanted someone who was named Earnest. Because of a strange twist the men turned out to have been named Earnest.

# LEARNING ABOUT THE LAW

## Preparing students for a life in law enforcement

### The Vocational Law

Enforcement program was a good way for students to become prepared for a career in law enforcement. The two-year program met in the morning with juniors and in the afternoon for seniors. The students learned what it was like to be in law enforcement. They were in charge of the security cameras that were distributed throughout the school. They helped out with security throughout the halls. They learned about gathering evidence at a crime scene. They learned about self defense and how to protect themselves and the people around them. After graduation the students could take more classes to be prepared for law enforcement. Mr. Nick Selvaggio was the instructor for the classes.

**Did** you ever feel you could use some spiritual guidance while at school? If so, then CRAVE could have been for you. Members discussed the role that Christianity played in their lives. They listened to speakers from churches throughout the community. In the fall they sponsored their annual "Meet at the Pole" where students held a prayer service around the school's flag pole before school. Ms. Diane Tizzano was the adviser for the group.

Members of CRAVE discussed their feelings of the world around them.

Students and faculty joined hands and prayed at the flag pole in the morning.

Members listened to the remarks made by the speakers..

Refreshments were served before the meeting began.

The meet at the flag pole was a National Event.

# PANTHER PRODUCTIONS

Audio-Visual technicians produce the shows

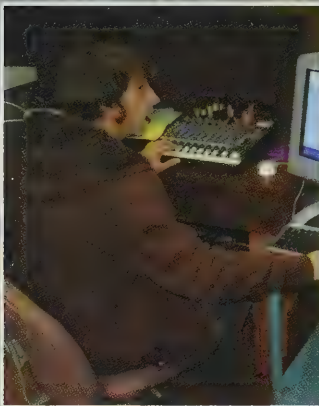

**The** Audio-Visual technicians were in charge of all the technical productions that occurred throughout Euclid High School. If a staff member needed a piece of AV equipment it was delivered by an AV member. Every morning the produced the Morning Announcements that were broadcast to every homeroom. They were used at every assembly and show including Big Show, plays and concerts and sporting events. They were an important part of the life of Euclid High Schools. Mr. **Allen Black** was in charge of the group.

# STORING STUFF

## Students kept many things in their lockers

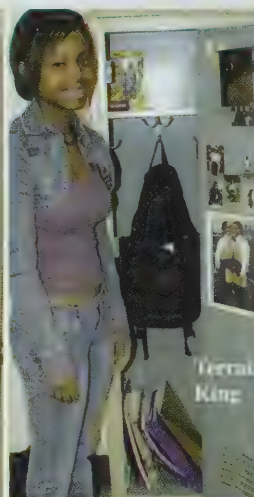

Every student attending Euclid High Schools was assigned their own locker. The name, locker, implied that it would have a lock on it and be secure. This was the case for most students. Others, however, worried little about their belongings and never bothered to put a lock on their lockers. This made it easy to open their locker between classes but it also meant that anyone else could get into their locker. This was their place to keep their belongings when they weren't using them. For most students, their locker was just that, a place to store things. But for others, their locker was a chance to express themselves in artistic ways and many students decorated their lockers with pictures of friends, family or many other pictures or decorations. These pages show some of the lockers that were decorated by students at Euclid High Schools.

# SAVE THE ENVIRONMENT

## S.A.V.E. Club wants to save the Earth

The members of S.A.V.E. (Students Against Violating the Earth)

were concerned with ways to make life on the Earth more sustainable. This year they painted pumpkins and sold to raise money for field trips. They took trips to Chagrin Reservation and Chapin Forest and explored Ohio's natural forests and parks. Before winter break they made wreaths out of branches and leaves to give to family and friends. After the holidays they went tobogganing. Mr. Matt Young and Mrs. Ramona Spivey were the advisers for the group.

-Deirdra Yrabel

Mr. Matt Young discussed with the SAVE members what they would be doing throughout the year.

# SAVE A LIFE

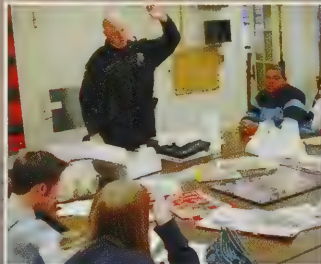

Many teenagers made bad decisions when it came to drugs and alcohol and the many other diversions that they were exposed to. Members of S.A.D.D. (Students Against Destructive Decisions) tried to educate their classmates so they would not do something that they would later regret. Officer Bonchak was the adviser for the group.

# LEARNING ABOUT OTHER PEOPLE

**Kids On The Block** show that everyone should be respected

## Kids

On The Block were a

group of students who used special puppets to present stories to the elementary and middle schools. They portrayed characters who often had some sort of disability and showed how they could fit into normal people's lives. The group was advised by Mrs. Kathy Hoinski and Mrs. Margaret Nielsen.

Mrs. Kathy Hoinski and Mrs. Margaret Nielsen have been the advisers for KOTB for many years.

Ben Horowicz and Robin Blake had a lot of fun playing with the puppets when they made their presentations.

# CHALLENGING OTHER SCHOOLS

Academic Challenge is an academic competition between schools

Adviser, Mr. **Ron Zucca**, reads questions so that the members can get used to responding quickly with the correct answers. The students had to practice their skills to minimize errors.

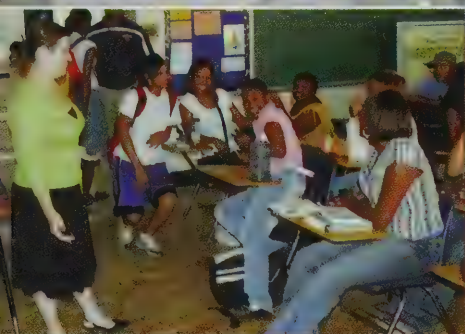

**The** Academic Challenge team practiced after school by answering questions quickly and accurately. This led up to their competition with Jackson and Nordon High Schools on January 19, 2008 at the Channel 5 studio on the Academic Challenge program. The Euclid team consisted of **JoePaul Luikart**, **Tom Miller** and **John Nero** and they won over their opponents. Mr. **Ron Zucca** was the adviser for the group.

# THE MORE COVERAGE BOOK

**The** most important part of any educational institution had to be its staff. The staff was the group of people that made the educational process possible. They were the leaders. They were the knowledgeable people who were willing to share their information with those around them. Beginning early in the morning and lasting well after the end of the school day, these dedicated professionals worked hard to present their information to the students. Every day consisted of continuous interaction between staff and students. Many students looked to their teachers as leaders and directors in their lives and developed close relationships. Euclid had a staff that was concerned with the success of their students.

Mr. Greg Baca is the adviser for the Survey and wants his students to be able to research and write stories and lay them out on the computer.

**2007** -2008 was the fourth year that the Euclid Schools existed as the six small schools. The class of '08 was the first class that spent their entire high school career in small schools. The Euclid staff was instrumental in making sure that every student had every possible opportunity to achieve in every way possible. The staff was professional and always willing to help any student who needed help. The teaching staff underwent many changes with more than fifty new staff hired by the Board of Education in all the Euclid schools. Some of the small schools were very different from what they were the previous year.

# THE MORE COVERAGE BOOK

**The** underclassmen were in a process of learning how to be a senior. From the first day that students entered Euclid High Schools underclassmen looked up to the seniors. That's what they wanted to be. As a freshman it was so far away that they couldn't think much about it. They had other things to think about, like learning about studying and passing classes at the high school. As students entered their sophomore year, however, they were more familiar with the routines of the school and more and more of them began to participate in the everyday activities of the high school. When they entered their junior year things were really getting better. Some students had many leadership positions in activities and many were members of many clubs and activities. This was a great time since they would soon be seniors.

Aaron Deangelis was an important part of the Boys' Soccer team.

Underclassmen are an important part of the makeup of most classes at Euclid High Schools.

Many of the girls in the drill Team are underclassmen.

Underclassmen have to take physical education. Mr. Pete Schwenke leads his class in stretching exercises.

Ryan Ward is happy to be a junior and is looking forward to being a senior next year.

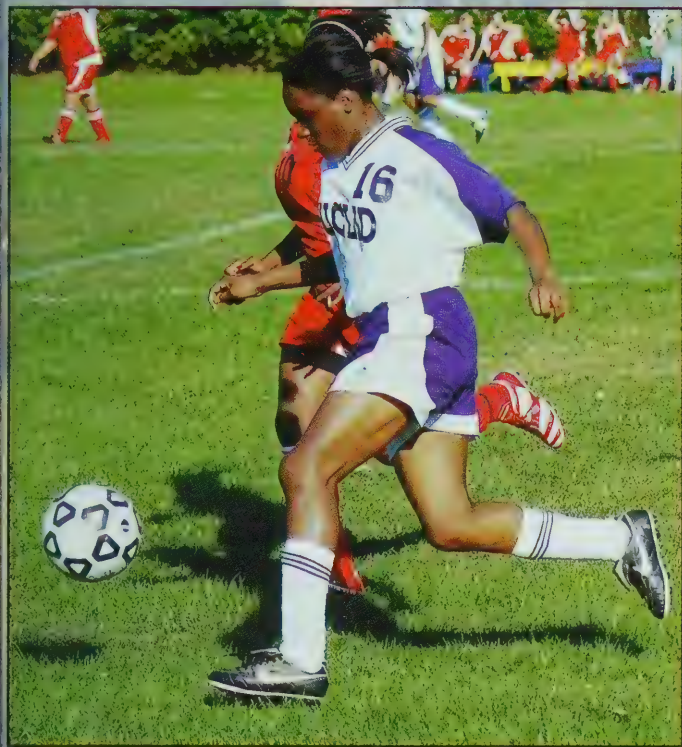

Antonio Green is one of many underclassmen in the Marching Band who helps to make the performances memorable.

Many underclassmen help to make the Varsity Chorale a competitive organization.

# THE MORE COVERAGE BOOK

**2008** was a significant difference in yearbook publishing at Euclid High Schools. For the first time ever, some events that occurred in March and April were able to be included in the yearbook. In the more than five decades that the yearbook has been published many things have changed: Black and White to all color, film photos to 100% digital, paper layouts to desktop publishing. Everything was going faster...except the deadlines. The last deadline was still the last week in February, so anything after that could not be included in the book. With the new term becoming On Demand Publishing it was ridiculous that it should take two and a half months (March, April and May) to print a yearbook. So this year later deadlines were negotiated so more of the year could be included in the book. That didn't affect this section since this was Spring 2007, but this book includes some topics that were usually in the Memories Section. This was the beginning of a new revolution in publishing.

After being rescued she meets a movie star (**Yuri Doolan**) and spends some time with him. After he goes back to his mistress Charity meets an accountant (**Nate Summers**) and they get along well. He finds out she works in a dance club and throws her into the lake to end her life and the play. The play had some memorable songs like "Big Spender" and "Frug" and everyone enjoyed the singing and dancing. It continued the tradition of big musicals at Euclid High Schools.

My dear Alex,

Son I am so very proud of you and I thank God for you always. Include them to hear (Proverbs 2:2,3,13,4,5,4:7) and trust in the Lord. (Prov. 3:5-7) no matter what. And remember Jeremiah 29:11-13. But seek ye first... (Matt. 6:33) and though life will challenge you and storms will arise. But my God... (Phil. 4:19). So tell yourself (Psalm 121) and know that ye are of God... (John 4:4). So don't be afraid for God hath not given us the spirit of fear... (2Tim. 1:7) rather remind yourself saying I can do all things through Christ which strengtheneth me. Have faith in God. Being confident of this very thing... (Phil. 1:6). So we give thanks to God and the Father of our Lord Jesus Christ. Alex, ye are the light of the world. A city that is set on a hill cannot be hid. (Matt. 5:14). Let your light so shine before men that they may see your good works and glorify your Father which is in heaven. Giving thanks always... (Ephes. 5:20) and be sure to wear the whole armor of God (Ephes. 6:10-11).

God Bless You

Forever

Love Always

# CLOSING

## Colophon

**The** 2008 *Euclidian* was published by Jostens' Printing and Publishing Division at State College, Pennsylvania. 160 copies of the book were requested. The pages were printed on Gloss 90 paper stock and was in full color. All the pages were created using InDesign CS2 running on a Macintosh G4 computer running OS X 10.5.1 (Leopard). The computer had 1 GB of RAM and a 120 GB internal hard drive and all files were backed up onto a pair of fire wire drives connected to the computer. The displays were a 17" and a 23" LCD monitor connected so that pages could be displayed on the large monitor while all the tools were displayed on the small one. An iBook laptop computer was also used to transport work between school and home. All the pictures in the book were inserted digitally. Most were taken with a Nikon D100 or D50 digital SLR camera or a Nikon Coolpix digital camera. Some pictures were supplied on film and these were scanned using a Canon LIDE 80 scanner and were placed digitally. The photos were processed using Photoshop CS2. Microsoft Excel was used to make graphs and to keep records of yearbook sales and student names. The index was produced using the index plug-in that Jostens supplied for InDesign CS2. Pictures were printed on an HP Laser

Jet 1160 laser printer. All the layouts were submitted to Jostens in pdf format by uploading them directly to their server. The files were printed and sent back to the high school for proofing. The corrections were sent back on CD ROMS. The cover was designed by the Jostens Art Department. The pages were submitted to the printing plant on four deadlines: November 27, December 19, February 15 and April 7. For the first time ever, the final deadline was moved back from the end of February. This enabled some events, like spring sports to be included in the current book. Because the book was all color, pages had to be submitted in eight-page multiples. Thirty-one seniors took advantage of the picture patron option and had their pictures printed in the book. Fifty students also ordered their books with their names engraved on the cover so they could be easily identified.

## Thank You

**M**uch work went into making the 2008 *Euclidian* possible. We want to thank everyone who came together to make the book possible. Thanks have to go out to **Ohio School Pictures, Inc.** who took pictures of all the sports teams and all the senior and underclass pictures and also took pictures at Homecoming. Thanks also have to go to Mrs. **Marsha Knauss** for all

the time spent getting lists of students, mailing labels, organizing the picture days, choosing pictures and identifying students and getting the students organized into the different schools.

Thanks have to go to **Jostens Yearbook Company** for putting all the material together into a neat, artistic way and changing their deadlines to accommodate later deadlines. Thanks have to go out to all the students who supplied pictures and took pictures and wrote stories that could be used in the book.

Thanks have to go to Mr. **Bill von Benken** for all the hours that were spent in putting the pictures and pages together and keeping everything going and on schedule.

Thanks also have to go out to all the students at Euclid High Schools without which there would be nothing to have in the yearbook.

## Staff

Many people contributed time and energy in order to make the 2008 *Euclidian* a reality. Some students wrote stories while others put pictures into the collage. Some helped with the page layouts and others helped with the mailing to the homes. All of these things were useful and helped in the overall process of yearbook production.

**Brittaney Sufka, Lindsey Sova and Mya Cloud** did a lot to assemble the collage. **Brittaney Sufka, Lindsey Sova, Mya Cloud, Katie**

**Maxwell, Amber Cartmell and Terraia King** took a lot of the pictures that were included in the book. Many students wrote stories that were useful in completing the book. Thanks go to everyone who helped.

## Disclaimer

**The** 2007-2008 school year is history. Many interesting and significant events occurred during that time and the *Euclidian* tried to cover as many of them as possible. This was difficult because of the limited staff and the many events taking place in the different schools. If we missed something, we are sorry. We sincerely apologize for any errors or omissions that occurred in the book but this is a single printing of a high school yearbook and errors will occur.

Maria Sedmak and T.J. Madden discuss their love for each other in the Winter Play, *The Importance of Being Earnest*.
